

PLATINUM TANKS LTD

THE ULTIMATE IN OIL AND WATER STORAGE TANKS

Declaration of Performance

No: 01:01

1. Identification code of product type:

R650 T1001681

2. Serial No type or Batch: DOM

3. Intended use for this product:

Above ground Domestic Oil Storage Tanks, for use with Kerosene, diesel fuels for external installation.

4. Name of company and Trade Name, contact address:

Platinum Tanks Ltd
Unit 3. Lough Egish Business Park
Lough Egish, Castleblayney, Co. Monaghan.

5. Systems used to assess the consistency of performance of the construction of product:
Attestation Level 3

6. A Factory Production Control system and ongoing inspection plan is in place in line with the requirements of Annex ZA of EN 13341, Initial Type Test has been completed by Impact Solutions, PO Box 21, Bo'ness Road Grangemouth, FX3 9XH, England.

7. Declared Performance

<u>Main Characteristics</u>	<u>Performance</u>	<u>Technical Specification</u>
Mechanical Resistance & stability		
Weight	45Kgs	EN13341
Wall Thickness	Pass	EN13341
Melt Index	Pass	EN13341
Density	Pass	EN13341
Tensile Strength	Pass	EN13341
Reaction to Fire	Class F	
Test Pressure of Product	Pass	EN13341
Impact Resistant	Pass	EN13341
Durability Aspects	Pass	EN13341
Resistance to Storing Hydrocarbon Oils		EN13341
Kerosene, Diesel	Pass	EN13341
Permeability	Pass	EN13341
Tightness (leak tightness)	Pass	EN13341
Dangerous Substances	NPD	EN13341

PLATINUM TANKS LTD

THE ULTIMATE IN OIL AND WATER STORAGE TANKS

8. The tests carried out on the product in points 1 & 2 is in respect to the declared performance outlined in point 7. The declaration of performance is issued by the manufacturer, based on Initial Type Testing and ongoing inspections carried out on the product and is the sole responsibility of the manufactures as set out in point 4.

Signed by the Manufactures,
Patrick Cassidy, Managing Director.

Lough Egish 26/6/13
Date and Place of issue.
