- Massive 50kN loading capability (when supported by a concrete plinth)
- Tested to EN124 A15 and conforms to Building Regulations
- Compatible with Brett Martin 450mm Inspection Chamber Assemblies
- Suitable for residential applications

Plumbing & Drainage

## 450mm Lids and Frames

Manufactured from hardwearing and durable polypropylene, Brett Martin's heavy duty Lids and Frames provide a robust and secure solution for residential applications. The strong webbed design delivers a substantially stronger lid capable of withstanding a maximum loading of 50kN (when supported by a concrete plinth). The Lids and Frames are fully compatible with Brett Martin SfA7 Adoptable and Non-Adoptable Inspection Chambers. Tested to EN124 A15 and in conformance with Building Regulations, the Lids and Frames have the seal of approval.
